78th YEAR

BUIST'S SEEDS are grown from Select-
ed Seed Stocks, that is,
the finest specimens of
each class of Vegetables
are annually Selected
from the growing crops
to produce Seed to Sow
the following Season—
Seeds Grown under
this System are annual-
ly being improved, but
where no Selections are
made, they are annual-
ly degenerating.

THERE is no Seed
establishment in this
country where a Strict-
er Personal Surveil-
lance is given to all or-
ders received than at
Buist's—errors are
therefore avoided and
delays in Shipment sel-
dom occur.

BUIST'S SEEDS
are not commissioned.
If they were, they
would very soon lose
their established repu-
tation for Purity and
Reliability.—Buist's
are of the New Crop
each Season. Com-
mission Seeds may have
been when first put up,
but that may have
been years since.

SPECIAL QUOTATIONS.

If you are a large pur-
chaser of Seeds, it will
always afford us great
pleasure to make you

per cent. for cash.

other Agricultural Seeds, these must be remitted for when ordered or be subject to sight draft on ship-

PERISHABLE GOODS. Onion Sets and Potatoes are always shipped by us in the very finest
order, and packed to carry safely; but as they are subject to damage by excessive heat or cold in trans-
sit, over which we have no control, such risk must be assumed by the purchaser. No claims can be
allowed for damages.

BARRELS—BOXES—SACKS are CHARGED at COST, and are not returnable for credit,
and will only be accepted to be used on future orders.

YOUR SEED TRADE can be very much increased by selling Buist's Growth, and possibly
greater satisfaction given to your customers, as there is no brand that has attained a greater reputation
for their Purity and Reliability. They have a 78 year record.

Buist's Pictorial Brand of Garden Seeds in
Packets are the
most elegant and attractive in the trade and are Reliable.

It requires no talking or persuading to sell them, as they sell themselves. It is a well known fact that the vegetables Buist's Seeds produce are as near perfection as can be grown. They are the most profitable to grow.

Cabinet Assortments FOR MERCHANTS

The varieties put up in our Cabinet Assortments are selected especially for the locality in which they are to be sold, they are always of the New Crop and a reputation of Seventy-seven years standing is a guarantee of their Reliability.

BUIST'S IMPROVED HALF-LONG SCARLET CARROT

CARROT—French Grown (American Grown seed is far inferior to the French.)

Carrots grown from French Seed are always brighter in color and more perfect in form than those from the American, which is owing to their being transplanted and selected; the foliage is also of dwarfer habit.

BUIST'S SELECTED ONION SETS

We are the most extensive growers and shippers of Onion Sets in the trade, with a reputation of shipping the finest samples. They are smaller, more uniform in size, and better cleaned than those of Western growth, and will keep longer without sprouting. We also use a $\frac{7}{8}$ mesh in cleaning them, while Western and many other growers use an inch, making our sets of much smaller size and more salable. We also fan and clean each order separately. Onion sets are sold for net cash and subject to cost for barrels and crates for packing them.

These quotations are for immediate orders, and for shipment during November and December as required, for these months we supply 35 lbs. to the bushel, and not 32, as are given by many houses.

RADISH—French Grown, Finest Stocks

French Grown Radish Seed is far superior to the American, both in purity, form and color, as it is grown entirely from transplanted roots; this process also retards the crop from shooting to seed, it therefore remains in marketable condition for a longer period.
